STASSEN CONCEDES HE BE THIRD MAN ON THE FIRST G. O. P. NOMINATING BALLOT

Philadelphia, June 17-(.P)-Harold E. Stassen conceded today he will be third man on the first presidential nominating ballot at the GOP convention opening here Monday. But the former Minnesota governor told a news conference shortly

a(ter his arrival he remains confident he will win the nomination by Stassen said he thinks it is "a close question" whether Gov.

Thomas E. Dewey of New York or Scn. Robert A. Taft of Ohio will be in the lead on the first convention roll call. Stassen was asked how he views the possible candidacy of Sen. Arthur Vandenberg of Michigan.

It makes no difference, according to Bernard A. Farabaugh, manager of the Erie office of the Social Security Administration, whether or not the monetary value of your worldly goods totals exactly nothing or iuns into seven figures, when you reach 65 or over and quit work. If you quality for old-age retirement insurance under the provisions of the Social Secur-

ity Act, you'll be paid.

Mr. Farabaugh cited the recent case of the president of a local corporation who had reached the minimum retirement age of 65. His personal holdings in cash and property were generally known to be considerable. Since he was an employe of the corporation the first \$3,000 of his yearly salary was "wages" for old-age insurance purposes. He decided to retire from business. Being a good business man he was naturally interested in receiving a return on all of his investments. The salary on which both he and the corporation paid social security taxes over a period of years was sufficient to provide him with an income when he retired. As his wife was 65, she was entitled to receive onehalf as much as her husband. Soth nied their claims and each are now receiving monthly retirement

The U.S. government has never put such leg irons on selling abroad before, except in war time. Right after the war orders flooded in from all the world. Congress decided to help western Europe with the Marshal plan, but it wanted to be sure that Europeans spend the money so wisely that it would be back on its feet in four years.

Congress also wanted to be sure he Marshal plan nations got their basic needs. So it okayed a reurn of controls. We let other nations have our

goods for four reasons as outlined by W. Averell Harrian when he was secretary of commerce:

1. If the stuff isn't so short at home that we'd hurt ourselves by

selling.

2. If we can build some industry abroad that turns out goods we need, like repairing the tin industry in the Netherlands Indies. If we can help other nations build the sort of peace we want, with free elections and free trade.

Here's how the system works: 1. There is a list of 400 comnodities which are so scarce mostly raw materials such as wheat and steel) that every ton leaving the country must have an export license for anywhere in the

The Warren county Girl Scout camp is one of the busiest places in the county at the present time, according to the camp committee, with everything being readled for the summer scason's opening. For the first time since the girls have taken over the communication. girls have taken over the camp, electricity is available. Fluorescent lights in the kitchen and dining room are a real addition, an elec-

tric refrigerator has been installed and will be greatly appreciated by those who have the task of handling food and provisions. An electric clock will time the schedule for the summer and a new flag will welcome the campers. The swimming pool has been drained and newly repainted as another of the opening preparations.

Mrs. Rowland Smith, of New Kensington, camp director for this season, will arrive in Warren over the weekend, the remaind-

er of the staff counsellors coming in on Sunday.

The first session for the Brownles, from June 23 to June 30, has a full registration, but a few vacancies still exist in the Brownies' second period, June 30 to July 7. Camp Birdsall Edey

The Warren county Girl Scout camp is one of the busiest places in the county at the present time, according to the camp committee, with everything being readied for the summer season's opening. For the first time since the girls have taken over the camp, electricity is available. Fluorescent lights in the kitchen and dining room are a real addition, an electric refrigerator has been installed and will be greatly appreciated by those who have the task of handling food and provisions. An electric clock will time the schedule for the summer and a new flag will welcome the campers. The swimming pool has been drained and newly repainted as another

Her first number, Prelude and Aria, was from one of the Vivaldi organ concertos arranged by Bach and Burmeister. She played this number with a splendid musical interpretation, bringing out the climaxes with a most deliberate use of ever-increasing power. The violin concerto, one of Viotti's, was beautifully played and reflected great credit on her teacher, Philip Santoro, Jamestown. Miss Groves next played "Butterflies" by Olsen and the Rachmaninoff "Humoresque in G". The first number brought out the player's quickness Success, N. JUST RELEASED

A Revolutionary New Washday Miracle! IT'S TIDE

... you've never used anything like it!

TIDE is a truly amazing discovery that brings you a wonderful new kind of washday! Born of new knowledge gained in wartime research, Tide does what's never been done before-washes clothes cleaner than any soap, yet leaves colors brighter! The first time you try Tide, you'll know it's a brand-new product! Oceans of suds billow up instantly, even in hardest water! Those wonder suds look different...they even feel different!

ONLY Tide DOES ALL FOUR!

1. Washes clothes cleaner!

Yes, cleaner than any soap made! Everything comes cleaner with Tideeven greasy overalls and heavily soiled work shirts! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well! No soap in the world can get your whole wash as clean as Tide!

2. Actually brightens colors!

Tide is not only safe for dainty, washable colors, but actually brightens pap-dulled, faded-looking colors. Brightness perks up almost like magic as Tide makes dulling soap film disappear! You can see the difference!

3. Never "yellows" white things!

Tide can't turn them yellow, no matter how often they fro washed or how long they're stored. Tide-washed clothes stay dazzling white, week after week!

A Hymosol Product

4. Gives more suds—

Prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry sparkling clear-even without

AGONY OF ACID STOMACH AND **ULCERS RELIEVED AT LAST!**

Many Sufferers Testify to Symptomatic Relief from Burning, Acid Stomach. Awful Gas, Ulcer Pains, Muscular Aches and Pains, Sick Headaches and Other Ailments resulting from Hyperacidity.

MAKE THIS FREE TRIAL OF GARWOOD'S TABLETS

Don't neglect HARMFUL stomach acids. These excess, nauseating acids are a real danger inside of you. Not only do they make your food sour and indigestible, but they also eat into the lining of your stomach. Your organs become swollen and bloated. Your stomach is a nauseating, gassy mass.

Your whole system can be affected by excess stomach acids. For acid is Nature's danger signal! A warning to beware of Toxic infections, muscular aches colds, constipation and other unhealthy conditions which you become susceptible to when excess stomach acids enter your system!

Begin Fighting Symptoms at Once!

But be careful. Don't use cheap, untried "alkalizers." Begin NOW to use D. J. Garwood's Private Formula. You can be certain that only pure medicaments are used in this unusual tablet.

One of these ingredients works immediately. Right from the first tablet it acts to relieve the horrible burning of stomach acids. Another of its properties carries the anti-acid action into the intestinal tract. And still another protects the delicate and firitated membranes by a pain-relieving coating action.

D. J. Garwood's Private Formula is available in handy tablets. It has included in it an ingredient which helps Nature herself to alkalize your stomach content and bring prompt symptomatic relief. That is why this formula has such amazing results. You, too, can join that vast group who have found it possible — after many years — to enjoy a normal meal, without extreme pain.

Now D. J. Garwood's Tablets Are Offered on a Money-Back Guarantee!!

Prove the power of this amazing formula yourself without risking one cent. Go to a Drug Store, and ask for the 33-day treatment of D. J. Garwood's Tablets. Follow carefully the instructions for 15 days, At the end of that time, you must be satisfied—no matter how long, or for how many years you have suffered—or every penny will be refunded at the very store from which you purchased them.

HELP YOURSELF! Get D. J. Garwood's Private Formula Tablets today!

Plains, N. Y., golf pro, has written a series of seven articles especially for AP Newsfeatures.

"Know Your Golf Shots" covers the im-

portant clubs in any golfer's bag and the first of these stories appears soon on the Times-Mirror sports page.

Barron has been pro at the Fenway Goir Club in White Plains for 14 years. Now 38, he began playing golf at the age of 11 and four years later turned pro. In 1946 he won the richest prize in the history of golf, taking down \$10,500 in Chicago's famed Tam o' Shanter tournament.

A member of the 1947 American Ryder Cup team, Barron recently won the Goodall Invitation Round-Robin match play tournament with a plus score of 38 points against the 15 leading golf-

ers of the world Among his other victories were triumphs in the 1946 Philadelphia Inquirer Open and the 1942 Western Open In 1946 he just missed winning the National Open title, losing by one stroke at Canterbury in Cleveland.

The house is debating the draft

bill. Nobody doubts the outcome. The house will pass it, just as the senate did. We'll have a draft

The mind of every house member already must be made up on how he'll vote. Speechmaking at this point won't change his mind.

At least it shouldn't. It wouldn't be congress without So in relays congressmen parade

up to the microphone and tee off.. "My dear colleagues...," one of the starts. He's for the bill. For or against, the parade goes on. Each congressan gets four or five minutes. He waves his arms, pounds the table, juts his chin,

Most of the speakers wander up, say their say, and wander back to their seats without applause from their fellows waiting for a chance to do the same thing.

Once in a while a certain congressman gets a good hand before he starts and when he finishes. Dewey short of Missouri, for instance. Short, a Republican who's against the bill, is probably the best speaker in the house.

When he got up to the microphone yesterday, congressmen who had been outside smoking threw away their cigarettes and flocked in to hear him.

This was a tribute to Short's eloers were crowding in to be perquence. It didn't mean his listeners were crowding in to be persuaded by what he said.

When the house put up the shutters for the day yesterday, this writer called one of the congress-

New City Directory Reveals Expansion In Warren County

Bank deposits, telephone installations, and postal receipts-pulse indicators of the economic health of any community-have shown considerable expansion during the past two years, according to the 1848 Polk's City Directory for Warren and surrounding communities which was distributed to subscribers in the area this week.

The 1948 directory itself is a lot thicker, containing 612 pages compared with 576 pages in the 1946 directory which it replaces. How great the expansion in the Warren area was during the past

two years is indicated in the directures showed:

Postal receipts: 1947 \$701,000; 1915-\$393,102,90.

Invite Public To Convention Of Rivermen

Old rivermen, Indians, shippers, chip operators, industrialists, farmers and sportsmen will gather at Oil City Saturday, June 26, for the fifty-first annual convention of the Allegheny River Improvement Association.

H. C. Putnam, Warren, president of the association, has extended an invitation to the general pub-lic to attend the afternoon session of the convention in the Knights of Columbus Auditorium. It will convene at two o'clock.

Convention speakers will include Commodore Louis W. Perkins, United States Coast Guard; Chester C. Thompson, president of Amcrican Waterways Operators, Inc., Capt. Donald T. Wright, publisher of The Waterways Journal, and Capt. Frederick Way, Jr., noted author of river books.

Convention headquarters will be in the Arlington Hotel. R. R. Underwood, Knox, president of Knox Glass Associates, Inc., is chairman of the convention

Record Catch Foreseen For

Bass Season Harrisburg, June $47-(A^2)$ —

Eass fishermen may look for a record catch in Pennsylvania streams this year if weather and water conditions are right. Charles A. French, state fish commissioner, said last night that

prolonged rainy weather the past two seasons has reduced the catch, and the bass have been able to increase their numbers extensively "So this year," he commented,
"th. anglers should find plenty of
bass. And if the weather is

right and the water is clear, the catch should be good." The 1948 bass season opened Monday on Lake Eric, but for the rest of the state the season does not open until July 1. The closing

date is November 30. Bas: fishing regulations for the rivers and streams are the same as in past years with nine inches the legal minimum size, and the daily limit six.

YOUNGSVILLE

Youngsville, June 16-Youngsville Order of Eastern Star remembered Flag Day in its social hour at the Friday evening meeting. Tables and decorations for the huffet luncheon carried out patriotic colors in food and decorations. On the wall behind the table was a very large flag made by hand some years ago by the mother of the chairman of the committee

They visited the Thousand Islands, Toronto, Fort George at Niagara and on Lake Queenston, Thorold, They saw where ships climb the mountains through a series of locks in the Welland Canal, and spent some time at various points at Niagara Falls, Crystal Beach and other points of interest.

Mrs. Philopene Freeman, Mr. and Mrs. Harry Whetsell, of Elkins, W. Va., were guests of M. E. Mariner and Mrs. Margie Finlan, during their stay to attend the funeral of the former's brother. Carl Horn.

There were a number of the members of the Methodist Youth Fellowship in attendance at the district rally held Sunday at Chautauqua, N. Y. Rev. Thomas Johnson, former

local Methodist pastor and now superintendent of the Ida M. Cribbs Home, will speak at the Methodist church at 11 a. m. Sunday, June 27th. The Youth Fellowship, directed by Mrs. E. C. Stillings will have charge of half the morning program. A ladics' quartet will be a feature of this part

Mrs. R. L. Mead and Mrs. Anna Negus attended the DAR Flag Day program at Coudersport.

A. J. Galmish and family, of

Cochranton, Mr. and Mrs. Thomas Martin, of Sheffield, were callers the first of the week at the home of Rev. and Mrs. E. W. Chitester. Marlyn Galmish is spending the week with the Chitesters.

Miss Anna Mattison, Middlin, Mass., formerly of Youngsville. was entertained at the home of Mrs. Melvin Parkhurst of Eric Tuesday. Mrs. Ida Davison, Mrs. Roy McDowell and Mrs. R. L. Mead, all of Youngsville, were also guests Tuesday at the Parkhurst home in Erie, to meet Miss Mattison.

Mrs. Fred Ludwick, Miss Maud Ludwick and Mrs. Eva Montgomery paid a brief visit to Youngs-

ville relatives Tuesday.

A Poplar street resident very nearly had his car stolen one night last week. Around midnight the eldest son heard a noise in the yard and looking out the window saw the family car being backed out of the garage. He opened the window and shouted at the intruders. Record Catch Foreseen For Bass Season

Harrisburg, June 17-(AP)-Eass fishermen may look for a record catch in Pennsylvania streams this year if weather and

water conditions are right. Charles A. French, state fish commissioner, said last night that prolonged rainy weather the past two seasons has reduced the catch, and the bass have been able to increase their numbers extensively

"So this year," he commented, "the anglers should find plenty of bass. And if the weather is right and the water is clear, the catch should be good.

The 1948 bass season opened Monday on Lake Erie, but for the rest of the state the season does not open until July 1. The closing date is November 30.

Bass fishing regulations for the rivers and streams are the same as in past years with nine inches the legal minimum size, and the daily limit six.

National Forest Picnic Areas To Be Opened Saturday

All Signs Point Toward A Decided Increase In Use Of Recreation Sites This Year

The eight improved camping and picnicking areas on the Allegheny National Forest will be officially opened to the public Saturday. In making this announcement, Forest Supervisor Anderson said that all signs point toward a decided increas in the use of the Nationa! Forest for recreation and that numerous requests for information about picnicking and camping facilities are being received daily.

Picnicking areas are located at: TWIN LAKES, seven miles south of Kane.

LOLETA, six miles south of Marienville.

(Both above areas have swimming and camp site facilities.) HEARTS CONTENT, fourteen miles south of Warren.

KELLY PINES, six miles east of Marienville.

ALLEGHENY, on Route 59 between Warren and Kinzua. (Above three areas have camp site facilities.)

SANDSTONE SPRINGS, eleven miles south of Warren. KENNEDY SPRINGS, on U. S. Highway 219 between Bradford

and Kane. MORRISON RUN, two miles east of Warren.

Tables, firegrates, toilets, storm shelters, drinking water and free firewood are furnished at all areas.

Because of the ever-present threat of forest fires, campers using areas other than the developed carry grounds, are required to obtain campfire permits. These are issued free by the District Forest Rangers at Marienville, and Sheffield.

Within or near the National Forest, privately-owned cabins and tourist accommodations are available. The National Forest has no such facilities for rent.

Hunting and fishing within the National Forest are regulated by State law. Strict observance is required.

You are cordially invited, in fact you are urged, to visit your National Forest and enjoy its many advantages. Visitors are requested to leave a clean camp, refrain from polluting streams, and to be extremely careful with matches, smoking materials, and camp fires.

25 YEARS OF PROGRESS

The Pennsylvania Grade Crude Oil Association today is celebrating 25 years devoted to keeping the term, "100% pure Pennsylvania oil" synonymous with the best the world can produce. The non-profit organization will mark the silver anniversary at an annual meeting in Pittsburgh in the hotel where the association was formed in 1923.

By 1923 the depression of 1921 seemed to be lifting in many industries but the Pennsylvania oil region was continuing in the doldrums. Large new oil fields were being discovered in California and on the Gulf Coast. Hopes were dim for any new oil discoveries in the Pennsylvania grade oil region, except perhaps at great depths. The outlook seemed to be one of gradual dimunition of the Pennsylvania oil region as a factor in the nation's oildom.

Leaders of the Pennsylvania oil industry refused to accept the theory that the oldest oil-producing region of the country was fated to be a "has-been." They decided to form an association, composed of producers, refiners, and marketers of 100% Pennsylvania oils, whose broad purpose would be "the encouragement and protection of trade and commerce in the production, manufacture, sale and distribution of Pennsylvania grade crude oil and its products." Wisdom of the decision has been proved by the history of the Pennsylvania grade crude oil industry in the past 25 years.

It seems appropriate, therefore, that communities in the region extending from southwestern New York, through western Pennsylvania, southeastern Ohio, and into West Virginia, join in felicitating the Pennsylvania Grade Crude Oil Association upon a quarter century of progress in the Pennsylvania grade crude oil industry.

SUPERVISION NEEDED

The present day .22 caliber rifle bullet is dangerous up to one mile. This takes it out of the toy classification and places it among calibers dangerous to humans. The number of these small-bore rifles has increased tremendously in recent years. It is sadly noticeable, too, that injuries and fatalities traceable to this firearm have increased proportionately.

Newspaper stories bear out this statement all too frequently. Mark shooting, with the target in front of a safe backstop is one thing; firing the .22 promiscuously, often near centers of population, and "plinking" at objects floating on water, causing uncontrollable recochet, is an-

Usually boys cause the damage because they have not been instructed in safe practices with firearms. Song birds and game are killed and property is damaged by the unrestrained lad with the small bore rifle. More important, the boy himself or an innocent person, perhaps at some distance, may be injured or killed. Don't be saddened by an unnecessary tragedy; supervise that boy with a rifle.

AUTO DEATH SEAT BESIDE DRIVER

The death seat in an automobile is the front seat beside the driver, says Dr. Claire L. Straith, Detroit plastic surgeon, in the Journal of the American Medical Association. His name for this seat comes from a stream of women and girls going to Harper Hospital, Detroit, to have their faces repaired by plastic surgery. About 70 per cent of them had been occupants of the death seat at the time of an auto crash. In those crashes one-third as many drivers were

In one month's auto injuries in Detroit, of all kinds, he says, 372 passengers were hurt. Of these nearly 70 per cent were in the front seat beside the driver. With better roads and higher speeds, the death seat injuries and deaths are becoming more numerous. But Dr. Smith says speed is not the only cause of injuries and deaths in the front seat. Other causes are knobs, cranks, sharp ledges and drop-down ash receivers. Even at a speed of 20 miles an hour, a woman had her face badly mauled by gadgets when she fell forward.

A flat, wide cushion patterned to cover the dash so that face will bump only a smooth, soft surface, he says, would reduce facial injuries immensely.

Windshields inflict many cuts, he says, and occasionally nearly decapitate the victim. He advocates hinging windshields so that they would be forced outward by a blow just short of the glass-breaking force.

Notwithstanding the realization that we may be accused of having a motive, we venture the suggestion that there are many hints for Father's Day gifts to be found in the advertisements in this issue.

IN WARREN

YEARS AGO

Interesting Items Taken From The Warren Evening Times

After plans for public rest rooms in the city building were drawn and a recommendation submitted to the members of the borough council at the April meeting, no action has been taken on the matter and as it stands at present it is a "dead issue," according to several councilmen. However, the agitation is continuing.

Postmaster Karl M. Lyons today announced the installation of a "courtesy" letter box along the north curb of Pennsylvania avenue, west, near Market street, for accommodation of west ound autoists who do not desire to leave their cars to enter the post office to deposit mail matter.

The old wooden sidewalk which has been a landmark on the west side of the Revere House property for many years, is being replaced with a cement walk, which will make a great improvement in the appearance of that place.

Three members of the Allegheny Forest Experimental Station have arrived in Warren and will remain here this summer for the purpose of making a study of timber growth in the Allegheny National Forest.

1938

Homer Bowersox, member of Warren Council No. 563, United Commercial Travelers, was elected grand secretary of the grand council at the annual convention at Altoona last week.

Twenty-six members of the Warren Foremen's Club attended the eighth annual Western Pennsylvania Industrial Conference held at Conneaut Lake Park on Saturday.

Encouraged by perfect weather almost a thousand men, women, and children boarded the "Wildcat Express" to take part in the joint picnic of the church schools of the First Presbyterian and Trinity Memorial Episcopal churches of Warren Saturday afternoon.

From where I sit ... by Joe Marsh

How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir-when I work, I work hard. When I set, I set loose. When I think, I go to sleep." According to Doc Hollister, that

formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

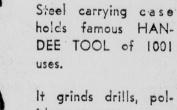

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art-especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer-enjoyed with pleasant company-to restore that easy frame of mind that one needs after a hard day's work.

Huge Outlay Reduction In For Repairs Auto Deaths In Warren Co. Is Recorded

An estimated \$1,525,000 will be spent in repairing and modernizing non-farm homes in Warren county during 1948, according to a report just released by the Tile

That sum will be expended largely on painting, repairs to heating equipment, new roofs and plumbing, the report disclosed. "Greater availability of building materials will make possible a record amount c' home improvement throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construct-

About 30 of every 100 homes in Pennsylvania will be painted, either inside or out, during 1948 and 11 will have heating equipment overhauled or replaced, according to the report. Nine will be reroofed and 8 will have plumbing repaired, bathrooms tiled or showers install-

"To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every typ of material," said Mr. Schweiker. The country of accounts the form 1947 are noted. Warren country has one less death this year; McKean country has a decrease of two: Venengo country a decrease of output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show. Throughout the nation between

\$2,600,000,000 and \$3,300,000,000, will be spent this year on home repair, according to the Tile Council report. This is believed the largest amount ever expended for such work.

handle 20 cars at one time. Part of the shop also includes a lubrication rack with the latest facilities for greasing cars and trucks.

Outside, work is nearing completion on a big black-topped parking area and installation of gasoline pumps.

"We're planning a complete one-stop service for motorists," explained Manager J. C. Buckheit, who also is a partner in the firm along with Frank Butler of Port Allegany.

"We've got a lot of room here, and we feel we'll be able to offer the finest service available in this district," Buckheit added.

Working with Buckheit will be J. E. McLaughlin as service and repair manager and Francis Cogswell as parts manager.

Mountain laurel, the state's of-ficial flower, ushers in the summer season in Pennsylvania, a de-light to residents of the Keystone State and the thousands of visitors who come here in June, says the State Department of Com-merce vacation and recreation bur-

Selection of the mountain laurel as the state's official flower was made because it blooms so universally in all the mountainous sections of Pennsylvania. It is honored in some places by special laurel blossom festivals, especially at Wellsboro and in the Pocono mountains of northeastern Pennsylvania. The annual State Laurel Blossom Festival this year will be held at Wellsboro, June 18.

The area is now being readied for use for the Warren County Boy Scout Comporee on June 18 and 19. Some areas, such as the Tionesta and Hearts Content scenic areas are open and available to public use-depending on condition of the fire roads, which make them accessible. The roads were reported in good condition at the present time.

Picnic areas such as Sandstone Springs, Morrison Run, Allegany, Kennedy Springs and Kelly Pines in McKean, Warren and Forest counties are being used at the present time for outings.

Also slated to open soon is Cornplanter Camp, 12 miles north of Kane. The model camp area providing facilities for swimming and other sports, camp housing and other facilities, was originally designed for the use of underprivileged children.

The camp has been used chiefly by the Salvation Army, Y. M. C. A. and Boy Scouts organizations in the past decade and will be opened for the 1948 season this month by the YMCA.

Mutual has prepared a special series of stand-by program plans including a five minute "Bill Henry" news program, so flexible that he network can switch to Philadelphia whenever necessary. Since the sign-off time for WNAE is 9:00 p. m. during the month of June, all programs scheduled for later than that time will have to be heard on WNAE-FM only.
There is only one night baseball game scheduled for the first part of next week and because of the great interest in this year's Republican convention, WNAE-FM will cancel the ball game broadcast in favor of the convention program.

Warren Day **Band Concert** At Celoron

The hundreds of people who trek to Celoron for the annual Warren day Sunday will find many amazing surprises this year.

It is going to be a good old fashioned "Warren Day". Among the special features this year will be concerts (afternoon and evening the special features)

ning) by the Jamestown Concert, Band. This prize winning band is going all out to please you.

You will find the usual "cutprice" amusement coupons in this paper. Clip it and enjoy the various devices at minimum cost. That permits you bargain prices on the new \$78,000 "Bozo" as well as the \$100,000 feature the "Rapids". Bring the family to the big 'Warren outing" and meet your friends. The picnic grove is spacious and you are the guest of the Times-Mirror who invites you all to be there and enjoy this greatest of all Warren outings. Words cannot express the fun and excitement in store for you at western New York's finest and largest play ground next Sunday, "Warren Day" at Celoron Park.

MOBILE APIARIES Some beek-keepers now have mobile apiaries. The honey-making bees are kept constantly in areas where the flower season is at its height, as the hive-carrying trucks migrate slowly north with the seasons, from the Mexican border to Canada.

VARIABILITY NEEDED Many grass and vegetable crop seeds, such as timothy, bluegrass. carrot and parsnip, give maximum germination only at alternating temperatures ranging from low to high each day.

Culdesac, Idaho, now a shipping center for a farming area, was named after a French expression cul-de-sac, meaning blind alley.

Everything seems to point to the fact that we have an outstanding selection of real budget beating items in our produce and meat departments this week. Nature has been bountiful and our buyers have been on their toes. Lettuce is still plentiful and cheap at two heads for 19c. Cauliflower is new this week and they are really beautiful white heads, while Smoked Picnics at 49c and Fresh Fish Fillets of Cod, Haddeck and Perch at 33c are two of the outstanding leads in our meat department.

We don't need to remind you that Strawberry Shortcake Time is here again. Better get a package of Bisquick. Everyone likes the old-fashioned kind, made with Baking Powder Biscuits, Crushed Strawberries, and whipped cream. Served with a tall glass of High Park Ice Tea it makes a wonderful end to any dinner.
